

How to order/download datasets from the IFPRI website

No payment is required for IFPRI datasets

1. At the bottom of the dataset page, choose a format – Download or CD-Rom – and click the “add to cart” button

childcare; environment, water and sanitation; shocks and coping strategies; social capital; crime, violence, physical security; governance; and women's status. The male interviewer interviewed the main male member of the household asking questions on language, religion, and migration; training; employment; transfers, social assistance and other income; household assets; land ownership and tenure; urban agriculture; savings; loans; housing; non food expenditure; shocks and coping strategies; social capital; crime, violence and physical security; and governance. The pairs on each team worked together to cover three households per day and the 614 households surveyed in approximately 39 days in July to August, 2002 in Dinajpur. The first baseline data of SHAHAR project, 2000 is also available from IFPRI's website at <http://www.ifpri.org/dataset/bangladesh-2>.

Producer: International Food Policy Research Institute (IFPRI)

Source: The SHAHAR (Supporting Household Activities for Health, Assets and Revenue) Dinajpur baseline survey was conducted in collaboration with Data Analysis and Technical Assistance (DATA), Dhaka, Bangladesh; and CARE-Bangladesh. The questionnaires were developed by the International Food Policy Research Institute. The funding for the survey was provided by CARE-Bangladesh; and US Agency for International Development (USAID).
